SWALLOWED PENCIL CUT FROM A HAND

Girl in Brooklyn Has Strange Experience With Pound Piece of Pencil.

TEW YORK, May 19 -A piece of slate pencil two and a half inches long and sharpened to a needle point has ten removed from the right hand of Rosalis K. Luke, a nine-year-old Brook-im school giri.

The pencil had been working its way shout the child's body since January as when she swallowed it while at his Efforts to remove it from her stomach then proved of no avail and for strail weeks she has complained of pins in the side and shoulder. Finally the object moved down through her pains in the side and shoulder. Finally the object moved down through her arm and caused the hand to swell. The foctors were greatly astonished upon applying the lancet and encountering the hard piece of slate. They say there is no record of so large a substance paring through the human body in a similar manner.

Red Men Engage in a Battle to the Death on a Bridge in Oregon

OHN DAY, Or., May 19.-Some in dians from the Columbia river who are roaming over the hills and along the streams of Grant county be came intoxicated at Dayville. They then engaged in an altercation which ended in a hot fight, during which two of the braves received severe punishment These two met later on the bridge across John Day river and engaged in a duel, using their spurs as weapons. The duel ended with the killing of one of the braves. This sobered the rest of the Indians, and, binding the dead warrior on a horse, together with that of a baby which had been killed in the melec, they disappeared across the mountains in the disappeared across the mountains in the direction of the Columbia river

TO REOPEN WORKINGS IN PILOT KNOB DISTRICT

Special to The Tribune.

ALIENTE, Nev., May 19.-Harvey McNulty and Joseph Chilvers, mining men from the Smilkimeen country, British Columbia, were in camp yesterday, en route to southern Nevada, via the San Pedro to its present terminus, thence southwest across the desert as far as Eldorado canyon at the head of the navigation of the Colorado river. They are looking up some claims in which they are interested, known as the Forty group, near Pilot Knob mountain, and expect to reopen some of the old workings on their

These claims were discovered many years ago by early prospectors and Mr. McNulty says that in excavating for a mill sit near one of their tunnels, many traces of pre-historic mining were dis-covered. Among other things uncovered were several stone hammers, a heavy copper mortar and stone pestle, and several implements resembling shovels with short handles made from an extremely hard wood not unlike the scrub mahogany, which, however, is not now found growing in this district. They also found, some eight years ago, in their first work, four small ingots of gold, encrusted with small particles of grit and sand, although no moids for melting it were discovered. The claims which comprise the group are Jupiter, Mercury, Venus, Saturn and Mars, free gold, and the Ajax, Hercules and Quien

Mr. Chilvers, who is part owner of some of the richest gold-copper claims near Greenwood, B. C., says that he anticipates, now that the San Pedro is an accomplished fact, opening up his Nevada properties at depth, and if values come up to their expectations, will put in a large mill for his free gold ore just below Eldorado ferry on the Colorado. below Eldorado ferry on the Colorado river, a convenient distance from his

Cyrus Beard of the law firm of Beard & Spaulding, came in from his home in Evanston, Wyo. yesterday and went to Moapa to see his son, who is at present ill with typhoid fever, but is graually convalescing. Mr. Beard will remain in camp for a few days until his son is able to be removed to his home in . . .

Work is steadily progressing on the Blue Bird tunnel and it is now in about 125 feet running to crosscut a twelvetoot ledge which crops out for several hundred feet along the strike of ledge at surface. The claim is located close to townsite of Callente, and it is the intention of owners to crosscut the ledge at a depth of about 100 feet, and if val-ues show up at this point drift on ledge northerly and after blocking out sufficient ore to warrant it, build a mill at a point close to mouth of tunnel, as water can easily be obtained in suffi-cient quantities for milling at a depth of from fifteen to twenty feet from the surface.

There are now more than sixty wo-men in camp, wives of business men and railroad men, making the town take on quite a domestaic appearance.

Mike Cronin, who had his foot mashed on the road last week, was sent to the Holy Cross hospital at Salt Lake City today for treatment.

YOUR PROTECTION IS OUR GAIN

O you believe that we can afford to sell you something you don't want or that will not give you satisfaction?

Our business depends on pleased customers. In fact any business does. Therefore we would take an enormous risk did we not fulfill every promise made in the columns of this rewspaper.

With this point in mind-let us ask what risk you take in buying Re all Mucu-Tone when we say we will give back your money if the remedy doesn't give satis-

If we didn't believe that 98 per cent. of all who have taken Mucu-Tone have been benefited, we would not publish this advertisement.

There are any number of people right here at hom who will gladly testify to Mucu-Tone's wonderful virtues, and if you call we'll gladly refer you to them. Read what Mr. Matt. Dillon writes:

"My little girl had catarrh so badly that the disease had begun to eat into the cartilage of the nose. Snuffs and instruments failed to do more than give temporary relief. I saw the advertisements of Mucu-Tone, but I could not believe that anything taken in the stomach could cure the sore membranes of the nose. However, I took advantage of your free trial offer and my girl began taking your remedy according to directions. I want to say right here began taking your remedy according to directions. I want to say right here that Mucu-Tone is certainly the greatest medical discovery of the times, and to thank you for the liberal offer that first induced me to give it a trial. Mucu-Tone has cured my daughter's catarrh completely. The discharge has stopped altogether and her breath is as sweet as can be. Again thanking you, MATT. DILLON, 24 N. Swans St., Albany, N. Y."

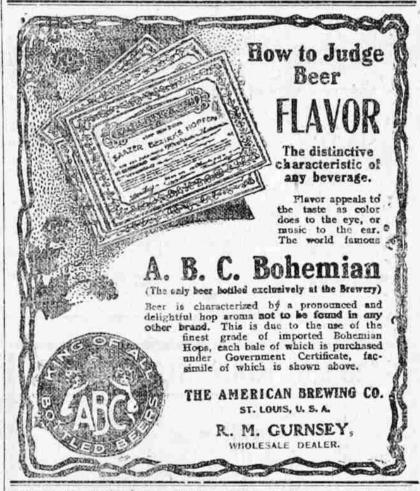

If you suffer from any of the following symptoms, we know that Mucu-Tone will immediately cure you. If it doesn't it's our loss, not yours.

Run down-can't work-feel constantly tired-have no appetite-or if you suffer from sore lungs, weakness, nervousness, pains in the stomach or back, then it is that you need Rexall Mucu-Tone.

Catarrh is not confined to the nose and throat. It may start there, but it leads to more serious trouble, particularly to the wasting away of tissues, which means a loss in weight. One bottle of Mucu-Tone will start you on the right road. It will put flesh on your bones and bring new vitality to your system.
